

Friend Public School
2024-2025

Agreement Regarding Activity Transportation

We, the undersigned, have read this agreement and understand all its terms. We agree to it voluntarily and with full knowledge of its significance.

Supervision and Transportation of Students

Friend Public School provides many extracurricular activities. Friend Public School personnel supervise students participating in practice/home contests and at tournaments but not at other times. Friend Public School provides transportation for students to and from practice/home contests and tournaments and provides supervision for these students that ride school-provided transportation.

Authorization for Private Transportation

We authorize our child to drive to and from practice/home contests and not to take the transportation provided by the school district. We are familiar with the routes to and from practice/home contests and judge them to be safe, and to wear their seatbelt. We understand that Friend Public School cannot supervise our child when he/she is driving or riding to and from practice/home contests in a non-school vehicle and that Friend Public School cannot be responsible for his/her behavior or safety. We accept full responsibility for our child's behavior and safety when he/she is driving or riding to or from practice/home contests in a non-school vehicle, and, except for injury caused by the negligence of Friend Public School personnel, waive any liability on the part of Friend Public School. I further acknowledge and understand that my student's transportation is inherently dangerous and that I and my student assume all risks inherent in such transportation.
